

# AY5, Summer Session I, 2008: Introductory Survey

Name:

Years at UCSC:

Are you a transfer student?

Major:

College-level math and science classes taken (not course numbers but broad descriptions):

What has been your favorite course at UCSC? If nothing, what course are you excited to take in the future? Why?

What course have you liked the least? Why?

What do you want to gain/learn from this class?

If you were at Twinkie, what would you be filled with? (First impulse, don't over-think.)
